## How To Use Your Plan

- Your vision plan is 100% self referral! You simply find a participating provider on the MES website, make an appointment and go!
- Our Participating Provider will contact MES to verify your benefits. The Provider submits the Claim directly to MES for payment for Covered Services so you will not have to do the paperwork.
- With Out of Network Providers, you need to tell MES you went out of network so we can reimburse you. You would pay for services at the time services are rendered and send MES a claim form along with a copy of your prescription and your paid receipt and MES will mail a check back to you!
